01 ABOUT

Based between **Mexico City** and **Berlin**, Isi Audi delivers a very special live performance combining his own productions with improvisation and unexpected samples. He has crafted this format to separate himself from the average DJ set — full of cosmic dreamy sounds, mighty baselines, 2000s leads, and tribal percussion that recall the spirit of early uplifting electronic music.

He has performed at truly iconic venues and festivals worldwide: **Thuishaven** (Amsterdam), **Sisyphos** (Berlin), **Factory 93** (Los Angeles), **Womb** (Tokyo), **Cova Santa** (Ibiza), **The Sanctuary** (Rome), **Hovarda** (London), **Gazgolder** (Moscow), and many more.

Isi is also the founder and curator of **Shanghai Café**, a monthly inclusive rave inspired by kitsch Chinese restaurant culture and the zodiac — a project born in Mexico City that has expanded to New York, Berlin, and
